

Reception Center on Brunner Campus

Since the *GRAND OPENING* of the Brunner Reception Center, we have been hosting outstanding funeral and non-funeral events on a regular basis. With a convenient location, comfortable atmosphere and customized service, our venue is becoming increasingly more popular. And, why not? This new way to host an event can fit just about any style or budget. And, with the unparalleled staff at Brunner's, we are always looking for ways to make your experience excellent. Just see what some of our recent guests had to say:

"When I go to a funeral home, I usually stop for maybe a half hour. This time was different. I was at the funeral home for almost 2 hours. I was comfortable there, I was able to spend time, visit and relax in the surroundings. The reception room made all the difference."

"The bowling team gathered at the funeral home to pay their respects. They then went in to the reception center and were able to toast her one last time, as she had preplanned."

"We entered the visitation room and were greeted by the family, surrounded by the beautiful display of flowers, keepsakes, memorabilia and a gracious offering of an open buffet of finger sandwiches, cheese & crackers, fruit, desserts, wine, beer, coffee bar and soft drinks. What a tribute to her mother who loved to entertain."

Call us to host a *Celebration of Life* that suits your style with a personalized menu, beautiful food display, comfortable surroundings & full bar service. You will be proud to host it in Brunners Reception Center.
