

BRUNNER SANDEN DEITRICK

FUNERAL HOME & CREMATION CENTER

VISITATION MEDIA

MUSIC

Music can be played during visitation, events, and services from the following sources:

- Napster, which streams music from almost any artist or genre of your choice over the internet (Music which is streaming over the internet will stop playing if the internet connection fails because of rain, wind, sleet, hail, snow, etc.).
- Apple Music, where you can create a playlist on your own account, then share it with us.

SLIDESHOWS/ DISPLAYS

- Televisions are available to display photos or slideshows during visitation, services and events.
- Photos must be provided in .jpg format on a jump drive (thumb drive) to be displayed on the television. You must ensure the pictures are rotated correctly.
- Slideshows must be saved in .ppt (PowerPoint) format on your laptop. Your laptop will then connect to our television using an HDMI cable (supplied by the funeral home). *Power cords and any other equipment needed to operate the laptop must be supplied by the consumer.
- Our TVs do not support any display cables other than HDMI.

WIRELESS INTERNET

Complimentary wireless internet (Wi-Fi) is available for those devices equipped with the appropriate hardware.

The name of our wireless network connection is "BrunnerGuest."
