General Price List

Prices effective October 1, 2025, but subject to change without notice.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Basic Services of the Staff **2895**

Our charge includes consultation with the family; staff and facilities to respond to the initial request for service; coordinating service plans with the cemetery, crematory and or other parties involved in the final disposition of the deceased; securing official documents and necessary registrations, basic overhead charges such as taxes, licenses, utilities and necessary business expenses. **This fee for our basic services and overhead will be added to the total cost of funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains).**

Embalming **850**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. If final disposition of a dead body has not occurred within 48 hours of the time of death, Ohio law requires that the body be embalmed or refrigerated at 40 degrees or less.
