In Colorado, he made many friends with whom he visited local breweries, watched Colorado Buffalo and Ohio State Buckeye football games, skied, and cheered on the Cleveland Browns. Doug was a member of the Rotary Club of Summit County and was a certified Court Appointed Special Advocate through CASA of the Continental Divide. Throughout his career, Doug strived to make sure that every child had an opportunity to succeed and achieve their goals.

Doug loved traveling the world with his family and friends as well as skiing the Rocky Mountains. He enjoyed spending summers on the shores of Lake Erie and Lake Dillon, and could often be found offshore on sailboats, jet-skis, and more. A lover of the outdoors, he had fond memories of camping with family and friends near the Kinzua Dam on the Allegheny Reservoir, with his family at BMX races, and even for fun in the backyard.

“ I was deeply saddened to hear of the death of Doug at such a young age. He was a positive force in the lives of all he knew including myself who was one of the assistant principals at Chardon High School when he was principal there.. His caring for children and youth Was so much a part of who he was. My thoughts and prayers go out to Sally, Kyle, and the rest of the family. I remember when Kyle was born, and Doug's concern for Sally's well bring. I also remember that as former history teachers, we enjoyed arguing our opposing political views. Doug always had a smile and a good-natured attitude. Our thoughts and prayers are with Doug's family and friends. Adda Porter and her Husband Dale Porter

“ We are very saddened to learn of Doug's passing. When Doug first began teaching at Riverside High School he rented an apartment in the upstairs of our home and we really enjoyed his friendship with many laughs and good times. Doug went on to accomplish great things in his life which we were certain would happen for him. Our deepest thoughts, prayers and sympathies are with all of Doug's family and friends. “ As the Workforce Development Director for Geauga Growth Partnership, Doug was the one superintendent I could always count on to be engaged, share his ideas and be open to new approaches to our programs. He knew the students and genuinely cared about them and their futures. It was a great privilege to work with him. My heart goes out to his family. I don't think there was a time we were together when he didn't show me a new picture or video of Kyle doing something amazing. I am so so sorry for your loss and my prayers are with you.

“ Mr. DeLong was my favorite teacher, ever. He taught me AP Government in 1988/89. He was one of the only teachers who could get me excited and interested in school. We read law cases, wrote briefs, and presented them to the class. I didn't realize back then what a young and innovative teacher he was. Years later, when I got certified, I became a substitute teacher for him at Chardon High School. I hope he had a happy life and that he can rest in peace knowing he made a difference.

“ Doug was the Chardon HS principal who hired and mentored me. He empowered us to try new student-centered activities, like Freshman Mentoring, which continues today. He had a genuine laugh and kindness in his heart. His educational leadership inspired us to be better teachers, give back, joke around when needed and seek the good in others. I was so sad to learn of his illness and am more sad that he's gone. May his family find some peace in knowing how many lives he enriched.

“ To the DeLong family, we are so saddened by the loss of Doug DeLong. He was the principal of my two eldest daughters, of 2009, 2010 respectfully of Chardon High School. They just thought it was great how Principal DeLong would try to greet each and every student every morning. He greeted mine as "Baird 1 and Baird 2!" They loved it! On a more serious note, he also was present in the Chardon community when the awful shooting occurred, even though he had already moved onto being Berkshires Superintendent. He was a blessing and a Godsend to Chardon. So sorry for your loss. Prayers and comfort at this time. Blessings to you all. Don and Kathy Baird and family

“ I first met Doug when we were in Leadership Geauga together and then was so lucky to work with him as Intern Program Coordinator for Geauga Growth Partnership while he was at Berkshire High School. He was so supportive and interested in the development of his students. I was unbelievably saddened by the news of Doug's passing. He recently shared an article with me about the value of internships in high school. He was dedicated to youth education. He always wanted the best for his students. He loved his family and friends and I was proud to be one of his friends. He will truly be missed. Prayers for his family.
