“ Hugh Taylor was one of the most inspiring instructors I can remember, and many happy memories as a student at Mentor High School. A very positive influence, not just on me, but anyone that was fortunate enough to have attended one of his classes.

“ Hugh and Fay treated me and Gay as his kids when we visited the Gormans in Daytona. He always fixed us a “substantial “ breakfast before we went to the race track and left the light on for us at night. He was a true gentleman and always made us feel so welcome. We send our condolences to Bindy and the entire family. We are sure Hugh and Fay are getting ready for Speedweeks! We'll miss you!

“ My deepest condolences to the family of Hugh. I worked at Mentor Ridge while he attended and got to know him very well. He was such a bright and beautiful soul, always happy and having a smile remain on his face. He used to visit my co-worker and I every morning to say hello, have his coffee before breakfast, sit by the window and watch the birds outside, and compliment us on our kindness and beauty always making our day. We would always pop in his room throughout our days to say hello and talk for the short minute we normally could before we had to get back to work, but that short minute meant the world to us to see a smile put upon his face. So many great stories he shared, one being about his beloved wife who I am sure he is beyond happy to be reunited with. May you rest easy Mr. Taylor. Your kind heart made a great impact on my life and you will be forever missed by many.

“ Too many memories. "You betcha buddy" was one of his favorite sayings. I still use it today. He was my unofficial mentor when I first started teaching. Learned so much from him. Sharing chaperone duties with him on Top 25 trips was an experience. So sorry for your loss, Bindy and JT.
