“ Dearest Bob, Sue and Family,

Please accept our deepest condolences on the passing of Bob. His life on earth prepared him well for the great mystery of life eternal with his Savior Jesus Christ.

There is no doubt he touched and affected many others with his words, example, and humor.

Bob and I have much in common. We met when we were about three years old. We played together; went to the same schools together--elementary through college; were in each other's weddings; raised our children; dealt with the difficulties of life; and celebrated special events together.

We often talked about our time as steam-locomotive engineers. At age seven, we decided to explore the full-size locomotives stored on the railroad tracks at the end of our street. We had a wonderful time, but our parents did not while they searched for us.

Bob, you have been the brother I never had, and my very best friend--for 85 years! We will be together again. GOD BLESS YOU and YOUR FAMILY--FOREVER!!!

With Love, Louise and Frank

“ My fondest memories of Uncle Bob were swimming in the backyard pool, holding onto his shoulders as we swam the length of the pool underwater. He was such a great man and so very generous. We will all miss him dearly.
