“ Missing my dear friend and colleague. The years teaching (and learning) with you are among my fondest memories. So much laughter and sharing! You always brought hope and sunshine to my days and always knew what to say to make things better, even as you fought your own battles so courageously. Strength and courage to your precious family. Rest In Peace, my friend!

“ It would be just like her to exit with blizzard-like conditions. It's just not going to be the same without you here. We'll still be celebrating in March every year. Burn bright & Shine on.
