“ *The first time I met Barb was during a family emergency when Traci had to rush Paige to the ER. I took the rest of the kids to my house and not long after they got there Barb came over who had also been called for help with the kids. Instead of taking the kids back home she stayed and hung out for the afternoon. It was the first time we had met, but by the time she left, I felt that I had made a new friend. She was so easy to talk to. She will always be a special person who holds a special place in the hearts of those who knew her. I'm praying for comfort and peace beyond understanding during this time of loss for your family.*
