“ Dear Clark and family,

Sorry to hear of Bobbe's death. I frequently drive down Lander past your old house and think of Bobbe. We were friends way back when our kids were young and were Newcomers and were bridge partners in their Marathon Bridge activity.

I also know from experience how stressful it is to become the caregiver of a loved one who suffers from dementia. You all have gone through a tough time. Now you can put that aside and remember the great times with Bobbe and the wonderful person she was.

Sincere sympathy - Char Drotning

“ *I never had the opportunity to meet you; however, I am well acquainted with your daughter, Nancy ! I always looked up to Nancy, as a fellow co-worker, nurse; she was also my role model ! I envision that she is a strong reflection of you, and the values you passed on to her, and her children, and grand children. Rest in peace. Our heart sympathy to your family, and loved ones !*
