“ My Auntie Bon Bon was one of the most important people in my life. She taught me to love God and I am a Christian today because of her. My children learned so much about God from her and they were raised as Christians because of her too. She is walking with Jesus right now and that gives me great comfort. I will always be here for you Wendy and Steve! Love you guys!

I remember Bonnie for heR love of God. .. her kind words and encouraging advice while i was a young single mother. ..what I remember most about her was her unconditional love for her daughter Wendy I used to think as a young single mother that if I could love my children is much As Bonnie loves Wendy that I would have accomplished something great in this life.... God Bless Bonnie and all That know and love her. ..

“ Bonnie was such a dear friend for over 25 years..She was a spicy full of life friend...When I first got cancer and was going through radiation Bonnie would stop by my house everyday to see how I was doing and at times just sit there to be with me and because i was on a strong pain medication she would watch me in and out of sleep..She was very concerned about our family and always giving of her time and always praying for those checks in the mail....So sorry I cannot be there to celebrate your going home to be with Jesus but I know you are with the one who loves you most..Until we meet again enjoy your mansion.....
