“ I am so sorry for your loss. Brendan was a great friend of mine for many years. He was my first boyfriend and best friend. We both had similar childhoods and found comfort in knowing we weren't the only ones. When he left Ohio it was one of the hardest days for us both, but we went through it together. We remained friends over the years and kept in touch. He was a loving and caring friend. I hope he is now able to be at peace. <3

“ *These were some old tattoos I did on my dear friend, Alex I know you don't remember me but I was around for all your little years of life, your father and me were really close and these meant a lot to him even though sometimes it might not feel that way, I know it did, I was there and I lived the moment with him, he loved you very much and I mean very much, he always dressed you like him, he was a great man and will not be forgotten, god bless him !*
