“ I will always remember when our family first met Brianna. It was at Cleveland Soap Box Derby Track. My daughter Bailey and her hit it off instantly and they became friends. I loved her smile and how amazing she is. We always will remember traveling to different cities to race and other families saw us pull in and said oh no, Brianna and Bailey are here. They hated racing her. She loved going to other cities and representing Cleveland the best she could and bringing back the hardware!!! We love you Brianna and you are going to be missed!!!!!!!!!! You will always be one of my Derby Daughters!!!!

“ You were taken too early. I remember playing softball with you & you used to think it was so funny that you played for mentor headlands & you didn't even live out here at the time. Or when we went to go see twilight for the first time. Rest easy.

“ It is so hard to believe that you are gone. You were such a beautiful young lady and I am so happy that I have memories of you growing up and spending time at our home with our granddaughter Ariel. I remember you tried to spend the night one time but you missed your mom so much you wanted to go home. We tried to get you to come and talk to me and Ariel and convince you that you were fine, you won and your mom came and got you. All the times that you and Ariel's grampa went round and round who George (Jorj) was, you would even get confused. Those funny memories are what I will hang onto forever. May you fly high with the angels in Heaven. RIP sweet Brianna.

“ *Bri..... I will never forget your smile and the presence you had when you walked in a room. When I went out with you for your birthday we had such a funny time, your laugh was contagious... even in some bad times we smiled together. The camping trip was something I'll remember forever .. when the canopy broke and you jumped on it like your little tiny self could break it cracked us all up... I ran into you at our job and the smile you had when you knew how surprised I was plays over and over in my head everyday now I'll never forget meeting you and you will always have an impact in my life. Ill miss you Chickadee I wish I would have hugged you before you left that shift. I'll regret that forever. Smile big in heaven for us...* 😊

“*Brianna, you were one of my absolute best friends in 9th grade. We ended up going our separate ways but I'll always remember our memories. You were hilarious and had the goofiest laugh that was so contagious. I'll never forget you taking Sarah and I to see your horse and that thing chasing us and you just stood there and laughed and made fun of us. All the times hanging out in your basement, the laughs, and long talks will be in my heart forever. I'm so sad to see you go so soon and my prayers are with you and your family. RIP*
