“ *Sandy, Words can not express how sad we all are to learn of Carl's passing. You both were such wonderful people to support the dialysis unit with your kind words and gestures. You both were a comfort to many visitors and patients and you both will be missed. How wonderful you had 59 years together. May your family surround with love and support. May the memories of the good times comfort you all now and in the time to come. May God grant you and your family peace .*
