“ My deepest condolences to Carolyn's family. Carolyn and Bill were key leaders in the campaign to acquire and preserve the Mentor Lagoons Nature Preserve and Marina for the people of Mentor. Carolyn and Bill never sought the limelight, but their leadership was indispensable. They worked untiringly, but usually in the background. And, they gave most generously of their personal financial resources in the cause of establishing and preserving ownership of the Lagoons by the residents of Mentor. Their devotion to this cause was and continues to be an inspiration for us all.

“ My deepest condolences. Both Carolyn and Bill had a significant impact on my life back in the early 1980,s When I raced for them. They were like a second family for me as I spent most of my available time with them over at the shop. Great life lessons were learned back in those days that I have carried for all my life. I wish I had the opportunity to catch up with her prior to her passing.

*Dear Family of Carolyn,
Our deepest sympathy to Carolyn & Bill's family. We have all lost beautiful friends. They have left stepping stones for us to bring back so many fond memories. Their love of life for beauty of nature, birds, and animals was so sincere. We're sure that St. Francis will be putting them in charge of all they loved here on earth. Memories of Love and Friendship are treasures to carry with you always.*
