“ When Linda and I first got our home here in Madison, one of our first visitors was Colleen. She gave us a few hosta plants for our yard. We now have over a 100 of these plants and have given many away to other family members and friends. She loved gardening and enjoyed both giving and receiving plants and flowers.

“ Colleen and I enjoyed going roller skating together when we were in our early teens. Colleen helped me learn to stop and go around corners with my skates on. She was very good at roller skating. That was probably one of the times we were close, while growing up. I miss her!
