“ *Connie and I were close from time to time during the late 70's. I first met her at the pizza shop when I would sit on the loading dock hoping she would have a minute or two to chat. So many years ago. I went away to school and we went our separate ways, but I often think back to those wonderful days with a deep sense of loss that I didn't have enough sense to keep her.*

*She once took a picture of me holding a vodka bottle on top of my head, and once I stopped in to see her on the night shift in the hospital where she was an x-ray tech, and she took an x-ray of my entire head. I still have it.*

*The last time I saw Connie was I believe her 40th birthday. She was a wonderful woman when she was younger, when she was older and, even though its been 18 years, I know she was a wonderful woman to the end.*

*Pat, you lost a great daughter; John, Diane, Patty, Brian, and Gail, an incredible sister. And to Connie's children Margot and John, a fine and wonderful mother. I am so sorry she is no longer with us. My sincerest condolences to all of you and to all who knew her.*

“ i was friends with Connie in middle school and high school. We  
were in the same graduating class. Its amazing how even though  
many years have passed since we saw each other, I felt a stab in  
my heart and tears in my eyes. She was such a beautiful and kind  
person. I am sad we lost track of each other. My prayers for all of  
her family and friends who are grieving. May she rest in peace. Lisa

“ Connie was always very kind to me. She made herself available to  
me when I worked in surgery temporarily. She always had a smile  
and a hello in the hall. RIP Connie and prayers for your family.
