“ *Mu wife Sue, who was a nursing student of Dave's, and I, to whom Dave introduced pharmacology and toxicology while Sie amd Ai were undergrads at SUNYA were so sorry to have just learned of Dave's passing. It is no overstatement to say that Dave had a huge impact on Sue and, essentially, introduced me to my lifelong career as a toxicologist. He helped select a grad schooled to go to and helped me choose my graduate advisor. Dave was warm, compassionate, patient amd a brilliant mentor and teacher.*

“ My memories of David go back Kindergarden. David and I spent the next 12 years going to School togethwe. We both fell in love with Nancy Richardson in the 5th grade, Dave was so serious he was going to marry her, he hit me over the head with a snow shovel, I guess he wanted me out of the way. I have more stories of our adventures together. Good bye Dave, you will be missed
