“ David was more than my cousin. He was the older brother I did not have who always looked out for me and gave me good advice. I will miss our monthly get together for dinner. Life may go on, but my life will not be the same. You will be missed. With love, Jonathan (Zig) Martin

“ No man is an island entire of itself; every man is a piece of the continent, a part of the main; if a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as any manner of thy friends or of thine own were; any man's death diminishes me, because I am involved in mankind.

And therefore never send to know for whom the bell tolls; it tolls for thee.

I will always remember you.

Your baby brother
