“ Diana, you will be missed by many. My condolences to the family. I worked with her at Meritec. She was liked by all who works there. She was always willing to do any job that she was given and did it well. I feel blessed to have known her. I didn't get to meet her family but we had many talks. May she fly with the Angels and may God watch over her and her family.

May we meet again someday,
Norma

“ To my special friend who I am so saddened by the loss words can not express. I will miss you more than you know. I water my flowers and think of you and how we planted them and made baskets. You always always put your family before yourself. I am blessed that I got to know you when I worked for you and you were my boss. And then when we became friends I will always treasure the good times we had. To your family I am sorry for your loss I am sure you know how much she went out of her way to be there for everyone. You will always be in my heart Diana I love you. I am going to plant a perfect flower bush for you in my yard so you can smile down on it.
