“ Ed, you mean more to me and so many people, more than you will ever know. There are very and I mean very few people like you in this world. You are a GREAT husband, father, grandfather, uncle, brother, son and friend. You are always there when anyone needs you. You are so kind, generous, laidback, non judgmental and most of all cool. It has been my honor and pleasure to be able to call and have you as my friend. It brings me and so many others tremendous sadness to be writing this to you at this point and time. I refuse to say goodbye because I know you might not be with us physically, however I know you are with us spiritually. You will be deeply and truly missed.

*Goodnight Ed*

“ Eddy I love you and you were an amazing Uncle to my children Heather, Sissy and Mikey. I have many funny memories with you and the family that no one can ever take away. You may be gone but will always surround all of us with each special memory that we hold and I know we all have one. I love you very much and may you rest in piece. I asked you that question just a day ago if you were at peace with everything and you told me yes you were. And with that I have comfort in my heart that yes you are in peace and put of pain. May God wrap his arms around you and your loved ones and my you be in comfort of their arms and may you feel all the loved ones here still that some day we will all meet again my friend.
