“ *I'm deeply saddened by your loss and extend my condolences to all the family. My cousin and I lost touch as we grew up and moved to different parts of the country but I still remember all the family gatherings and the fun times we shared. My fondest memory is of one particular picnic at Minnehaha Falls where we were both in the "smart aleck" stage of our youth and trouble was easy to find. Gretchen will always be a cherished memory of my childhood. -- Merri*

“Gretchen was an awesome lady, and a wonderful friend! I have learned so much from her. Her graciousness, genuine love and care of friends and family. My life is better because you were a part of it! And because you know Jesus as your Lord and Savior we will get to spend eternity together!!

“I remember the summers she would come to her uncles house with Pam and Alan to spend the summer. Sneaking downstairs to "tend bar" lol. We would hang out with another neighbor Johnny. All of us would play bumper pool, play cards, watch tv and enjoy each others company. Paul was always wanting to date her but she didn't trust him or so she always said. Than one day low and behold she and Paul showed up holding hands and telling me they were gonna get married. I was like uhhh did this all happen because I had to work at McDonalds. LMAO. The rest was history. You will be missed my sister.

“ Sending our sympathy from "Hanna" cousins in Nebraska. As we grow older family seems to take on more significance and had hoped that in the future we would be able to share stories of our Grandma Hanna and connect our families. There are many negatives on social media, but for awhile we so appreciated seeing family pictures and celebrations. We are so sorry to hear of your loss to someone too young and prayers for strength and peace in your hearts.
