“ I worked with Jaci years ago at STERIS and she was my favorite. We'd talk all things dogs. Just the sweetest lady. It's been many years but my heart hurts knowing she has passed. Rest easy, Jaci!

“ *Jaci, is my life long friend and soulmate. For over 60 years, we remained friends through all of the troubles, sorrows, love and joy We were there for each other everyday. Even though the miles kept us apart, our hearts were and still are as one. Physical separation never kept us apart, nothing has chanced. She is forever here with me. She was the kindest, most caring loving person that God put on this earth. Even in her pain and health problems, she always thought of everyone else. She always tried to ease the pain of her family and friends. My Little Butterfly is free from pain and has spread her wings once again, and remains here watching over all she loved and cared about. It is difficult to wrap 60 years of feelings, devotion, love and togetherness into one tiny box, God Bless you, Jaci, until we are together again.*

Love you, miss you hugs everyday.

I only learned of this by my granddaughter of my "Forever Friend" of more than 60 years as well. Miles came between us but love never separated us. She spent a lot of time at my Moms before she passed away, along with Randy and one of her dogs❤️ Jaci and I both knew the Lord and I know she's breathing much better in His presence. To be absent from the body is to be present with the Lord❤️❤️ Jaci was loved so much, and will forever be. We could go long periods of time not talking on the phone, but when we did, it was like no time at all passed between us, and talked for no less than an hour mostly due to her breathing❤️😭 my heart is very saddened in our loss, and I'm praying for Randy, Harmony, and Jimmy. My Love to you all❤️❤️ Number one priority was her husband her children and her dogs. She was the best friend one could have, and could kick butt of anyone who offended them. I have a candle she sent me one Christmas, and the light shines forever for my "Forever Friend ". I'll see you again one day soon ❤️
