“ I was just so saddened by the news of Mr. Bobeczko. My childhood memories are filled with all the time our families spent together and he was such a large part of my teenage years. I fondly remember vacations together and all the time he spent in the garage and basement with my Dad working on some project or another and how much fun they had figuring it out. More than anything I remember the love he had for Mrs. Bobeczko and his kids more than anything else. Sending lots of love and comforting thoughts to you all. My Dad and Mom will take good care of him until you are all together again.

“ Mary, I am crushed to learn about Jim and so sorry we did not connect more recently. The two of you were my closest friends in high school and he was indeed a good guy and one of the most modest and chill people I ever met. You two were meant for each other.

*I am thankful you have a large family and the support of friends at this difficult time. God bless all of you moving forward.*

Love,  
Karen B
