“ I offer my sincerest and heartfelt condolences to Jeff's family. I worked side by side with Jeff for years on the floor and during that time we developed a close friendship. When I moved to Supervision in the company I made him a lead man in the Department as I knew he was someone I could always count on. He was a man I learned to trust and rely on through the years of knowing him. He was always helpful to me and to others that knew him. The void that is left from his passing is not one that can be replaced. He was like a brother to me.

You have my deepest condolences. Having lost my Mom, Dad and my brother I know your pain, but I can't begin to imagine losing my son. I hope he did not have pain and suffering before his death. May your loving memories help you through this difficult time.

“ To Jeff's family,
It was shocking to hear that Jeff's life was cut short in a sudden and heart wrenching way.
I knew Jeff for almost 4 years, he always struck me as a pleasant soft spoken person who took pride in his work and was always available to others.
As a member of the management team at BUD I oversaw Jeff's department and I know that he will be missed.
Please accept my condolences an deepest sympathy.

I knew Jeff when he was a little boy. In recent years I have known him only through his mother, my dear friend Carol. He was a loving son, a considerate helper, and a joy in her life. My heart grieves for her and the rest of his family.

Jeff was such a nice person. He will be missed here at Bud. Although I work in the office and didn't see Jeff much, but whenever I did he always stopped to say hello. Always very respectful. I cannot imagine your sense of loss, our children should outlive us. I pray for your comfort in this time of loss.
