“ *Julia & Steven,*

My mom told me about your mom. There never seems to be the right thing to say or do when someone loses their parent, but I wanted you to know I was thinking of you and remembering your mother fondly. I remember your mother always smiling, wearing bright lipstick that lit up her whole face. She always seemed happy. I know my parents valued their friendship with both of your parents, my mom and your mom especially.

My prayers are with your mom and with you and your families. I wish you all peace and grace and love.
