“*The world has lost a great guy. He was a great guy and friend from the time I met him in 1957. We grew apart in life because of life. Will meet you on the other side where ever that may be.*

“*I lit a candle for my dear brother and friend who I loved so much because his light shined on this earth and now it is shining in heaven. My heart is broken but I take comfort in the fact that you are not suffering anymore and are with all our loved ones and Jesus. Thank you for always being there for me. I will miss you but I know I will see you again. “Love is a spiritual bond that even death cannot sever.” +*

“ I spent my childhood & teen years as a neighbor & friend of the Ramski family. Beth & I were good friends & John was like a kind older brother. I remember his love of music as a teen. He had made a set of drums & played along to music by the Ventures & Dave Clark 5 in the rec room. Fun Times! I've lived in Arizona for many years, but had to go back to Ohio after my folks passed away to handle issues with the sale of their house. John stepped up to help me through many confusing issues with city codes without accepting payment. He was truly a kind & generous Man. My heartfelt sympathy to his family at this sad time of loss.

“ I met John when he coached my son with Texas football. He was the best coach and role model you could ask for. We kept in touch throughout the years and he always had a smile for everyone. He will be missed by many people. Heaven has gained another angel. My deepest sympathy for his entire family. I wish I was able to attend his service, but I am out of town. You all will be in my thoughts and prayers.

“ I don't have the words to tell you the effect that John Ramski had on my life. We shared our faith, our jobs and our families. He helped to keep me grounded on impossible days in the service department. He love to remind me that he was riding on the Holy Spirit's train. Well, he's no longer riding, he's the engineer. God bless you John, watch down on the rest of us. MEI

*“ I am saddened of the passing of my friend John. For me I know John accepted Jesus Christ as his Lord and Savior so I know I will see him again. I worked with John for 27 yrs and learned more from him that I don't have the room to type. John was the best friend that I ever had my entire life. I loved him as a brother. We shared many memories golfing in golf leagues and just going out to play. He was a great family man and spoke of them often. We spent many hours through the years talking about the Lord and that made him even a better man. I will miss my friend but that will be temporary as I will see him again in a much better place and he will be happy. I pray for God to help the family through this time of loss. He will truly be missed.*

“ Met Father John at the bus stop with his granddaughter. Always with a warm smile and a hug to send her off to school. What a beautiful loving soul he had. He was a down to earth kind of man. Down the ways when his daughter Joni worked with me. The stories she would share you knew the kind of parent he was. Always sat back and listen to your situation gave advice or sometimes let you struggle though it but you always knew he had your back. Father John you will be missed but you have left an impact on us all
