“ *I worked with June for many years when we were both in Finance and then even when she moved to Sales. She was always so calm and peace-filled and had a bright smile for everybody. I also remember talking to her about our mutual love for "Lord of the Rings." On that note, I say to June:
"Lay down
Your sweet and weary head
The night is falling
You have come to journey's end
Sleep now
And dream of the ones who came before
They are calling
From across the distant shore "*

“ I had the privilege of working with June for many years. Her quiet confidence, calm demeanor and can-do & team player attitude went a long way to contributing to the organization and positively impacting the lives of her colleagues. I was sad to lose her from the team but so happy she was moving on to retirement - I only wish her retirement years lasted much, much longer. My condolences to June Bug's family and friends. She was kind and gracious and I will miss her.

“ I worked with June for many years and always saw her as a dedicated employee who cared about her work and set high standards. She was a pleasure to work with and her calming demeanor was a positive influence to the team. I remember the day I ran into June in the hallway so vividly when asking how she was doing and June responding with a bright smile that she was retiring. In asking her if she planned to stay in Cleveland, her smile got even bigger when indicating she was planning to move to Florida. She was excited! My most sincere condolences to June's family and may your memories of June live forever.

“ When June told us she was moving to Florida, she said she was going to play golf, buy a golf cart and deck it out to reflect her style and learn to line dance. I know she bought new clubs and a golf cart, sure hope she got to line dance. She was a trusted friend, invaluable asset to the departments she worked in and could make us laugh with her impish sense of humor. She is greatly missed and will forever be in our hearts.
My deepest sympathy to all her family and to all her friends, I know how much we are all grieving for June.

Rest assured, June learned to line dance! We went to the square to see Scooter the DJ and we line danced together. It was a huge crowd and was such a good time, and one of my favorite memories.
