“ We are saddened to just hear of Kevin’s passing! Kevin was a wonderful neighbor! The thoughtfulness and kindness he always had towards my kids and husband was wonderful to have. We always made sure to trick or treat at his door so the he (and Kelly) could see the kids and even putting out plastic Easter eggs in our little yard for the kids to find in the morning was such a sweet and thoughtful treat! He will be missed!! Kelly our thoughts and prayers are with you. Love, Mike, Susie, Ian and Gabriela Burkholder

Kevin's trees are being planted in Michigan within the Huron National Forest, the Hiawatha National Forest, or the Manistee National Forest. The native species being planted are Jack Pine or Red Pine. The US Forest Service determines the areas of need.

The last 5 days have been very difficult for many. We lost a one of a kind, true friend. I have been a friend of Kevin's going on 59 years, and like others I realize this was indeed a rare and great privilege.

Many of us could write books about fun and adventures with Kevin Klemencic, one not so fun story has been front of mind the last few days and given the time and place we find ourselves in, I'd like to share it.

On a summer day in the mid 70's Kevin and I were making our way down a long country road to Thompson Raceway when we were passed and sideswiped by a speeding car that kept on going. The collision resulted in Kevin's mirror slicing off their passenger mirror which instantly flew by Kevin's head at high speed and crashed into our back seat. We quickly pulled over to check damage and there was none, save for a tiny scratch on Kevin's sturdy chrome mirror. Amazed, we climbed back in and continued down the road..

Within a couple of miles, we came upon that same car pulled over to the shoulder of the road.. As we slowly pulled up alongside, we noticed a very flat back tire and a young lady not much older than us sitting behind the wheel and sobbing uncontrollably. Through gasps she mentioned something terrible just happened and she was trying to get home. The next words out of Kevin's mouth were, "Open your trunk. We're changing your tire."

During the change, she stood alongside us and not once did Kevin comment or complain on her erratic driving or that mirror almost causing a life threatening injury or disfiguring scars just a few miles back.

Tire changed, Kevin asked her to jump in her car, he was going to drive her home. I followed them to a farm house a couple miles down the road where he exited the vehicle, said a few words to her, waved to a woman who stepped outside the front door of the house, then jumped back in his car and off we went. That was Kevin, he saw someone hurting and instantly cared. For him this was just another day in a very caring and splendid life.

Cherish your privilege of knowing Kevin. We were all very fortunate.

Rest in Peace "WD" , Salty Dogs everywhere salute you and will always miss you.

From this picture, I wouldn't know Kevin! He was in my first Spanish 1 class in 1971 at the new Lake Catholic High. I even remember where he sat in my class. I can't remember how he performed in class, but I'm sure he did fine! What I remember the most after all these years was a most pleasant guy with a huge smile that lit up his braces! He was a joy to have in class. It seems shocking that he has passed....I am certain he is with God! I'm sorry I don't know you, his family, but I'm sure he is a great loss. I pray that memories of him will bring you all peace.
