“ Words can't express how saddened I am to hear of Lea's passing. She was instrumental in my career as an insurance agent. We spoke often and the last phone call we had will forever be close to my heart. I know she believed in the Lord. Therefore, I know where she is. Free of pain. I will miss you so so much Lea. Thank you for everything.

“ I was lucky enough to work with her in the last few months as a personal trainer. I've trained so many people over the years but I've never met anyone with so much heart and positive outlook in the middle of so much adversity. I'm so lucky I got the chance to spend some time with her and get to know her before she left this life. I will miss her smile, great sense of humor and her positivity.
