“ I have so many wonderful memories of growing up close to you, Mimi. Your seasonally dressed porch goose, the elephant collection, the way the garage smelled when Bepaw was in there smoking a cigarette and tinkering with something. The smell of metal washers, pulled from a crown royal bag, that I would just take and slip around my fingers like rings to see how many I could fit. Riding our bikes up and down the road until you called us to come in. Cinnamon pop tarts and Tsunami on Cartoon Network before school. Thank you for giving us your love for all these years. I'll keep these elephants close and safe for you. <3
