“*“See my finger, see my thumb, see my fist ... you better run!” My Memaw! None out there like her I bet. She was my world! If you could only see what a heart could hold and see it from within you would know hers. She loved her family like a lioness. She was loved and adored both near and far not just for her flitters! I will miss her hugs and laughter! When I think back of favorite times ... my favorites were those late nights of diningroom forts, junk food and scary movies with her, Big Chuck & Little Jon on tv. She gave me so much love, security, strength and happiness... I have been so lucky to have had so much time with her! She wasn't just my Memaw, she was my other mom. Life hurts without her and I have to remember she is now my angel and those reading this yours too!*”
