“ *My name is Steven Turner. My mother, Joan Turner, worked for Dr. Feldstein for many years alongside Nurse Ruth Parr and this great man. My mother loved 'Doctor' like a brother. We lost my mother this past Sunday, 12-10-2017, and my mind instantly flashed to Dr. Feldstein. My own fondest memory (one of many) of this great man is when he rushed me to the hospital when I was 14 yrs old, driving down the interstate at unmentionable speeds, and arriving there mere minutes before my appendix was about to burst. He treated my lil sister and myself as if we were his own, and he paid for my mother to go back to school to get her certifications she received in the medical field. I could go on and on with many fond memories, but I won't. RIP "Doctor" and please give my mother a kiss for me when she arrives at the Gates of Heaven.*

Steven Turner.
