“ *I can't believe we are coming up on a year already. It doesn't seem real still that when I'm out doing yard work that there isn't a man doing his own yard work next to me but I think he thought I was slow & didn't see him watch me out of the corner of his eye to see what I was doing right and wrong. He also always knew at some point I would have a question and he liked being able to help. Now, I'm left with Google :( Mike was my better option. He is truly missed.*

*Mike- I need you to wrap those big angel arms around your wife and let her know she is going to be okay since you are always with her in spirit.*

*Fran- you are doing the very best you can. After you've had such an unthinkable loss I'm guessing it is hard to carry on with life but a few of us women are going to do our best to assist you in your journey.*

*Joe- I just simply can't put into words how much your dad loved you. How much fun he had watching you do Anything and everything that you have done and do currently. You gave his days a purpose, beyond the norm, he enjoyed watching you play all sports. He will always be checking up on you, in awe of how well he & his wife raised you to be and the incredible man you have become. Please know we are here for Fran & Joe in any way we can be. Love to all, Katie & Tony Caito*
