“ I only have a few memories of my cousin Mickey (Michelle) from when we were kids but I remember her being the cool older cousin who listened to bands like Heart and snuck out after her parents went to sleep to have fun. I also remember her being kind, a little quiet around groups of people and of course very pretty without trying too hard to impress people. I hate that she chose to strike out on her own so young because all of us missed out on knowing each other, but I do respect and admire that she made her own way, had a family and people who cared for her deeply. For her friends & family I hope she finds peace in the ever after and that your memories of better times bring comfort and joy when you think of her. Rest in heavenly peace cousin.
