

Pamela Faye Wallis

April 22, 1957 - November 14, 2025

Pamela Faye Wallis, age 68, of Madison, Mississippi formerly of Riverton, Utah, passed away Friday, November 14, 2025, at the Cleveland Clinic Main Campus, Cleveland, OH awaiting a lung transplant. Pam was born April 22, 1957, in Fort Campbell, KY where her Dad was stationed in the Army.

Pam lived in several locations during her childhood: Newport News, Virginia; Austell, Georgia; Huntsville, Alabama; and Livorno, Italy. After her father's retirement from the Army, the family settled in Hunter, Utah - down the road from her future husband, Steve Wallis. After attending Utah State University for one year, Pam and Steve were married on June 12, 1976, one month before our country's bicentennial. Their marriage produced four wonderful children: Danny, Rachael, David, and Rebecca.

Pamela was a convert to The Church of Jesus Christ of Latter Day Saints and held many callings during her life.

For the majority of her career, Pam was a Senior Vice President for Zions Bancorporation. After 38 years she eventually went on to start her own business, consulting on Business Continuity and Risk. The day after she retired due to her illness, she volunteered to become a research participant and representative case for the Pulmonary Fibrosis Foundation.

She enjoyed time spent with her family at our cabin in the Uintah Mountains, at Lake Powell, the beach, and on many visits to Disney Parks. She enjoyed computer technology and its advancement over the years. She also enjoyed her many creative skills as an advanced quilter, cross stitcher, knitter, crocheter, seamstress, toll painter, and gardener. After first being overwhelmed, she learned to adore spending time with the very large family she married into.

Pam's survivors include her husband of 49 years: Steven; children: Danny and David Wallis and Becca (Jeremy) Ketchum and Jeff Patton; grandsons: Harbor, Tannon and Soren Ketchum; granddaughters: Alexandria, Lucy and Ruby Wallis; brother: Dale (Tammy) Clayton; and a large extended family including in-laws, dozens of nieces and nephews, and great nieces and great nephews. Pam was grateful for many close and dear friends.

Preceding Pamela in death are her daughter, Rachael Patton and parents, Art and Kathy Clayton.

The family requests donations be made to the United Network for Organ Sharing (UNOS). <https://donate.justgiving.com/charity/unitednetworkfororgansharing/donation>.

Steve would like to extend great thanks to the Cleveland Clinic and the many doctors, nurses, physical therapists, housekeepers, and staff for exceptional care and concern for Pam during her stay with them and the entire duration of her care. Steve is also very grateful to Dale and Tammy Clayton for opening their home, caring for, transporting, feeding, and all the loving care shown to us throughout this time in Ohio.

Ohio arrangements entrusted to Brunner Sanden Deitrick Funeral Home & Cremation Center, 8466 Mentor Ave., Mentor, OH 44060.

Services in Utah are pending with Larkin Mortuary – Riverton, 3688 W 12600 S, Riverton, UT 84065.

“ During the time I worked with Pam, I realised what a kind hearted and generous person she was. I fell seriously ill during the period I worked with her and she reached out to me personally to check on me and told me she and her family had prayed for my good health. May God bless her soul and may she rest in peace.

“ I was shocked and saddened to come across Pam’s obituary. We worked together at Eimco, where Pam started her career in IT as a keypunch operator in the early 1980s. A couple years later, when I was at Zions Bank, I recommended her for a job in computer operations. Pam’s talent and strong work ethic were soon recognized, and she moved up quickly. I loved working with Pam, and although we only knew each other for few years, we came to confide in one another, and I considered her a good friend. She often told me stories of her young children, Danny and Rachael, sometimes funny, sometime poignant. Working with Pam is one of my fondest memories of my years in Utah. I watched the video of her memorial service, and was very moved by the memories shared by her family and friends. My condolences to all her loved ones.

“ Pam was a wonderful colleague and brought grace, intelligence, expertise and wisdom to all the teams and clients she worked with while at Fusion. She was calm under pressure and was respected and admired by our teams and our clients. I am so sorry to hear she has passed and pray for comfort and strength for her family and friends.

“ I'm so heartbroken to hear of Pam's passing. We worked closely together at Fusion Risk Management, and I looked forward to our weekly chats. Pam was a teacher, a mentor, and a friend to me. We often talked about her latest projects, her garden, and her family who meant so very much to her. Pam will be missed and grieved by many, as knowing Pam was loving Pam. She always had a kind word, a wise reflection, and she had an inner light and moral compass that made people flock to her. Sending so much love and prayers that your memories bring you some comfort in this sad time.

“ I had the honor of working with Pam during her time as a Risk Management Consultant/Advisor at FusionRM. Pam was a fantastic partner on our largest, most complex accounts and I greatly appreciated her intelligence, friendship, and sense of humor. Pam was a true educator, and I learned much from her perspective on opportunities for our clients and the industry.

Our team thoroughly enjoyed the stories about her family, projects, and gardening adventures - Pam painted such vivid pictures of her life and we could clearly see the love she had for you all.

Thinking of you all as you celebrate Pam's legacy. She will be greatly missed.

“ I had the pleasure of working with Pam both at Zions and as part of her independent career. She was someone who I saw as a mentor, a partner, and someone who lived by the values you hope you can live up to yourself. She was innovative, eager to learn new things, and kind and patient as a teacher. I loved the time I got to spend with her and learned so much from her. She will be greatly missed and irreplaceable in my heart. Deepest condolences to her family in this time. She will only be thought of as a bright light in the world for anyone who knew her.
