“ *Gamma, I'm so sorry it's taken me a year to find this and your burial site. Dominic and I were not told you were having a service. I plan to bring him very soon to see you. You can't imagine this year without you. The heartache and pain of not having you is like nothing I've ever felt. You were the most beautiful soul I've ever met. I hold so much of you in my heart. It's such a hard journey without you. I struggle knowing I can't call you for anything ever again. Thank you for taking care of our baby in June through the scariest time of our lives. I know it was you watching over him. We read your letter to him when we got home from the hospital. It was finally time. I miss you more than you ever could have thought. Until we meet again beautiful gamma. Keep protecting your boy, I can only do so much from down here.*
