“ *I delivered Meal on Wheels to Peggy and she was admittedly my favorite stop on my route. She was always upbeat, kind and grateful. I loved her bright and happy attitude, little smile and easy laughter. We shared some laughs over a spider she wanted killed that was on her living room ceiling. My arachnophobia made the entire situation quite comical but eventually we got the spider. She showed me pictures of her grand kids and I made her coffee. I showed her how to work the iPad she got for Christmas and she showed me the meaning of perseverance as many times I would come to the house during nice weather and find myself following her oxygen hose through the house and outside where she potted plants and worked outdoors. I will miss her. Prayers to the family. You were blessed with a great mamma.*
