“ Mike Warner did a fire inspection for the preschool my children attended, Munson Co op in the mid 80's. I had heard his name a few times since and saw his obituary. Today I was driving from Middlefield to Mentor on 608 and wondered why different fire departments had all their vehicles in front of their stations and finally asked at the station in Concord. Someone said it was a tribute to someone who died. Then I saw the marquee with his name. As I went around the corner cars were stopped for the long procession of area fire vehicles, at least 100 motorcycles, then probably as many cars eventually some with the funeral home flags, then the hearse. All the while I had tears that wouldn't stop- for someone I didn't know but God was there to comfort all those today who felt his absence. Our communities were blessed to have someone who gave so much to them that he was given this honor. Prayers of comfort for all, especially his family.

“ Our prayers & thoughts are with you all. Really couldn't have grown up in Chardon & not hear a good word about Mike Warner & his family. I have heard about this wonderful man from my husband Harold who remembers Mike grade school days, to serving our community Hambden Fire Dept. & I worked at Auburn Career Center kitchen, when he came to inspect, was like a reunion, most grew up with him, Diane, Judy, Cindy, Rhonda & students he helped in Fire & responders Courses. & Scottie, His mother, I heard so much about from my mom, who was a night nurse at Blossom who love Jesus & sharing gospel, loved talking with Scottie caring & faithful stories. I know so, so many in our area who share all these same stories, how could we not! We have lost a faithful caring soul who shared faith & God's grace. We were all Blessed to know him!

“ Sincere condolences on the loss of a great man, the best Concord will ever know. Kind, compassionate, caring and wanting to help from day one. As our power would go out frequently in our area, I would run my then 1 yr old to the Prouty station to plug in a breathing machine, it was empty as the guys were busy with the storms, no one there. When I finally met Chief and told him I was using his station, he welcomed us with open arms. As the boys got older he invited us to burns and was thrilled always to see them, knowing their grandpa and dad were firefighters as well. I will forever be grateful for his kindness, concern and beautiful heart. No matter where we ran into him throughout the years he was a true gentleman. No one will ever compare. Much love and prayers to the family, we will never forget him.

“ When Mike asked how you were doing, he sincerely wanted to know how things were going. He was a decent and caring individual who always had time for everyone. The epitome of patriotism, serving his country and community, In Vietnam, when he was called and the calling of public service. It was an honor to have known him.

When I was mayor of the village of Richfield, he needed someone to help us and hiring a fire. Chief and Mike was recommended and he was amazing. He didn't want compensation. He was just there to help us out and I will forever be grateful for getting to know Mike. May Mike, rest in peace. So we'll deserved.

My apologies, I was speaking into my phone and didn't go back to look and I cannot fix the errors but Mike helped us so much when we were looking to hire a fire chief. A truly great man.

Mike was a great guy who lived his life guided by his faith in Christ and a love for his family and country. He was a great example of when things got tough, he leaned into the love and strength of Jesus and demonstrated how to not only live, but come to the end of his own life here like a man saved by grace. You will be missed...

“ WALKS IN THE SNOW. I met Mike when I was in Concord area as an attorney representing a nearby Fire Department and Fire Chief. Each morning we took wonderful walks in the snow, which I will never forget. We shared "war stories" about our fire service experiences (his as career firefighter, mine as a volunteer). When I saw him at trade conferences, I always got a great hug. I treasured his friendship and his hugs. “ Chief Warner was a great mentor. As the Chief, he would show up on serious calls and not take Command; he would report to Command for an assignment. Even if the assignment was being an ambulance driver while the crews were working. He was one of the Chiefs I had the privilege of being on the squad with, for example when Chief Warner showed up on a scene, and I had a pt. in the back of the ambulance and needed a driver. He trusted his Officers to handle the busy scene and filled the role of being an EMT and driving the ambulance to the hospital.

“ So many great childhood memories, living on N. Hambden St. Often back and forth between our backyards. We were even an item for a split second when I was in 5th and Mike in 6th. Although Mike didn't remember that:) All my love to the family.

I esteemed Mike, from watching him play high school football at Chardon, to going off to Viet Nam, to knowing him through the course of his life and the way he treated people. A real gentleman. Hambden benefited greatly from his endless devotion as Fire Chief and his integrity. Most of all, his legacy as dad and husband of a wonderful Warner family. We've lost one of the best, but he is secure in Jesus.
