“ *What an honor to have called you my Friend & "My Roginator" <3 I remember the day I met you and thinking to myself, "I have met my match" (in the sarcasm department). You were always so fun to be around and I honestly looked forward to your visits. From watching you carve to trying to beat you to the last of the cherry tomatoes out of the garden, you always kept me laughing :-)* Thank you for being so kind and generous to me (I will forever treasure my carvings from you, but I expect you to be working on an awesome frog one up there for me) and for always keeping me on my toes when you were around (I will never forget the few times you got me with the "spaghetti golf balls".... they never failed to startle me when I least expected it) and for really appreciating my deviled eggs (Lord knows Momma didn't appreciate the repercussions of them though). I love you My Roginator & will forever miss your crazy butt! Until we meet again.... Rest easy my Friend <3

“ It was a special time at Mentor High School when we were teaching. I always enjoyed our times together and certainly respected the teaching that Roger did throughout his tenure.

Roger was a very special teacher to our daughter, Vicky. He so inspired her that she became a science major at Wittenberg and after getting her masters degree taught Middle School science. She always had a special place in her heart for Mr. Post. He certainly gave her the science bug.

What wonderful memories we have!

“ Thanks for the knowledge you shared with us Mr. Post, and for being a real human being.

One of the best. I'm happy he was able to enjoy retirement for a good while. Rest In Peace now and Thank You for your Service

too. Thoughts and prayers sent to his family. Mentor High class of '78
