“ I met Sharon when I started with Reliance Electric in 1984. She was a part of the GLOMC (Gorgeous Ladies of Material Control.) at the Euclid Plant. I quickly learned that if you weren't proficient at your job you would suffer the wrath of the GLOMC. When I transferred to Cleveland I got a chance to know Sharon much better. She was tough as nails on the outside but she had a very good heart. She was a very strong women. She had a beautiful daughter that she had raised all on her own and was very meticulous about everything she did. From her work to her home life. Thank you Sharon for the great memories of the times we spent together. My deepest sympathy to the entire family for your loss. She is in a better place and at peace.

Love,

“ Things will never be the same without you. We had a great childhood, wonderful parents and a lot of good times. Holidays will be much different and there will always be an empty chair where you would have sat. Will miss you my sister and I am hoping that after all you suffered you have found peace. Hug mom & dad for me and give Dawn a great big kiss and tell her I cannot wait to see her again. Our family circle will never been the same until we meet again. To the moon and back. Kay

“ Sorry for your loss. I remember the one and only time I tried to talk her into a class. She was having no part of that.
