“ I remember you always cheering me up when I needed someone to talk to, or going out to the movies with dad, & everyone else, or going out to eat, or us always just doing as much together as we possibly could. One of my best memories is when i was just a little girl how I always use to come over to spend the night & we'd make popcorn & watch movies & I would wake up to the smell of French toast. You may no longer be here in earth, but you will forever be in my heart. You truly were one of my best friends grandma. I love you dearly. May you rest in paradise with everyone else up there that missed you dearly. Love Kayleigh
