“ Sherry, I wish I had the words to express the feelings I have for you and your family. I know this is a big loss as Will was one of a kind. He was a great supervisor, but more than that a great friend. He was caring & could always make you laugh & smile if you were having a bad day. I have so many fond memories of him which I will always treasure & hold close to my heart. I will keep you all in my thoughts & prayers. I pray that God holds you in His arms & brings you peace & love. I know this is a very difficult time, but I hope the memories & life you shared, brings you peace & love. Heaven has truly gained an angel. Much love, Barb Ramm

“ Sherry you and the girls have my thoughts during this time. Will was the biggest influence and mentor I had during my career at Hillcrest Hospital. He had taught me so much in the imaging field along with lessons in life itself. Will's stories and hilarious quotes will always stay with me, my only regret is not seeing him over the past years after he retired. You both will always have a place in my heart. Bless you Sherry and your entire family!!!

“ This has been a challenging year and now we have lost a man who touched many lives.

It makes me think of ...feeling as " Nervous as a blind man on the corner with a pair of scissors in one hand and a pistol in the other. He doesn't know whether to cut across the street or shoot up the alley".

This is one of many wonderful, hilarious sayings of Will Hatfield. He is a legend and will forever be in my heart.
